“ She gets missed all day, every day.
Her name was Clytie Josephine Brown, but to us she was
"Grammer". And I'll say, things just aren't the same without her.

“ Clytie taught me How to make corn bread when we were there on
vaca one year. Its the best. Craig still says "make me some Clytie
cornbread". I still have the beautiful ceramic cake plate she gave
me one year on vaca. She always had the sweetest smile and
voice. My mom loved her so. Rest in peace Clytie

*She mentioned the names of you two a lot, all the memories y'all had
and how much she thought of y'all. She's extremely missed, but lives
on everyday in our hearts with memories like these.*
