“ Griffin always loved spending summers with his brother Owen on his father, Danny's, family farm in Obion. He relished all his experiences with the farm animals, roaming the fields, visiting with family, and, most especially, talking with and eating the superb food of his beloved Gramma Tate. Now he will be near her again. He was an amazing man who I've discovered had an immense impact on the lives of his many many long time friends. They are overwhelmed by his early and unexpected passing. Their outpouring of grief, especially on Facebook, is amazing many people. His affect on our lives will last far longer than his 46 years!

“ Danny, I am so sorry to read about your son's passing. I just read about it in the Union City Paper and wanted to send my condolences. Losing a child is something that no one ever wants to go through. I will be praying for you and his family for months to come. God bless you during this time.
